

Cutting-Edge Surgical Services

Lincoln Hospital is proud to have a top-notch board certified general surgeon — Deanna Huntwork, DO. Dr. Huntwork has been practicing at Lincoln Hospital since 1995 and has built a solid reputation as a quality surgeon who listens to her patient's needs.

She is surrounded by highly trained professional staff who put compassion and patient needs at the forefront of every procedure.

Personalized care with the utmost confidentiality is our specialty. There is no need to travel to Spokane for surgery as advanced surgical techniques are done right here in Davenport, including less invasive laparoscopic surgeries.

Dr. Huntwork specializes in abdominal and gynecological surgery, including...

- ◆ Stomach
- ◆ Bowel
- ◆ Breast Surgery (biopsy, lump removal, mastectomy)
- ◆ Gall Bladder Removal—Laparoscopic
- ◆ Hernia Repair (cutting edge Mesh Plug)
- ◆ Female Surgery (ovarian cysts, cervical biopsy, hysterectomy, endometriosis & Laparoscopic tubal sterilization)
- ◆ Appendix Removal — Laparoscopic
- ◆ Colonoscopy & Gastroscopy
- ◆ Removal of lumps & carpal tunnel

Lincoln Hospital is committed to providing our neighbors the best care available. That's why we've contracted with the Inland Northwest's top specialists for additional surgical services. Some of our visiting specialties include Cardiology, Urology and Orthopedics. For more information, call (509)725-6560.

Lincoln Hospital has one of the lowest complication & infection rates of any hospital in Washington state.

**Lincoln Hospital is your hospital
— your Neighbor for Life**

Emergency Room/Trauma

Our emergency room is staffed 24-hours a day by board certified doctors, Physician's Assistants and nurses trained in emergency trauma procedures. The surgical suite, radiology and lab are steps away, and a general surgeon is available locally for trauma care. Lincoln Hospital is designated as a Level IV trauma center, contracted with Medstar helicopter for transport services and features cutting edge Tele-ER to link our ER to specialists and trauma docs in Spokane.

Radiology Services

Professional staff at Lincoln Hospital is trained in general x-ray procedures, as well as cutting edge mammography, ultrasound, DEXA-Scan and 16-Slice CT scan. A mobile MRI unit is also available weekly. For your convenience, our TeleRadiology service makes top radiologists at Inland Imaging available 24-hours daily to read and interpret films. This saves time and lives by giving our doctors rapid results during diagnosis and procedures. Lincoln Hospital sends radiology results to any physician, anywhere! Ask for us.

Laboratory

Lincoln Hospital provides comprehensive lab services with technicians available around the clock for emergencies. Blood draws, urinalysis and a full battery of other tests (including EKG) are available locally for the convenience of our doctors and our patrons. We can draw any lab with a written request from the doctor of your choice. Lincoln Hospital Lab sends results quickly to any physician anywhere in the U.S.

Level One Cardiac Care

Lincoln Hospital has teamed up with Sacred Heart Medical Center in Spokane to better manage our patients with cardiac needs through **Level One Cardiac Care**.

With this program, patients presenting to Lincoln Hospital Emergency Room with chest pain or other cardiac symptoms will have an EKG taken immediately, read by our Board Certified ER physician, and if necessary, will immediately be transferred to SHMC Cardiac Catheterization Lab (cath lab) via MedStar helicopter ambulance.

With a goal of 120 minutes from hospital door to SHMC cath lab, our patients actually save precious minutes by stopping first in our ER to be assessed and treated by our staff. Lincoln Hospital staff will initiate emergency transport to SHMC cath lab and continue to treat our patients until transportation arrives.

Swing Bed Unit & Physical Therapy

Folks recovering from surgery or injuries can access our Swing Bed and full-service Physical Therapy unit. Professional staff is trained in treatment and rehabilitation of surgical procedures, as well as recovery of accident and sports injuries. Occupational therapy services are also available.

The Physical Therapy unit is not only available to hospital and Long Term Care patients, but anyone under a physician's care can access physical therapy services right here in Lincoln County. Recover quicker at home with Lincoln Physical Therapy.
