Neighbors for Life

Neighbors for Life

Davenport & Lincoln County — best of both worlds

Dreams come true right here!

It's the American dream — neighbors on the front porch, children riding their bikes to get ice cream at the local soda fountain. Wind chimes and distant lawn mowers. In Davenport, empty streets signal tip-off at the high school basketball game. Three cars and a wheat truck are considered "traffic." A 1,200-lb. steer named "Molly" is a school project.

It's the best of country living, with all the amenities of the city just minutes away!

Davenport is a haven of rural life and small town values. Good schools. Good people.

Spokane, a metropolitan Mecca for shopping, arts and entertainment, fine dining and higher education, is a mere 35 minutes away! A perfect compliment for growing families in a changing world.

Here, you set your own pace. Fast. Slow. Somewhere in-between. You decide.

That's the American Dream. Live it here!

Our family pictures tell the story!

Endless beaches and blue water. Ski, boat, swim, golf. It's all here!

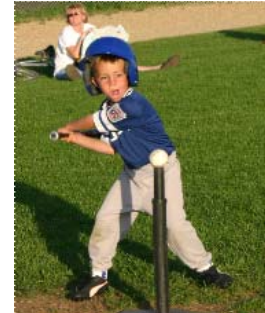

Four season paradise! Enjoy skiing, snow mobiling and sledding.

Metropolitan Spokane is just minutes away! Take part in any activity you enjoy (like Bloomsday road race) or just shop!

Great place to raise kids. Excellent public & private schools. Full slate of family activities & clubs. Housing and land very reasonable!

Hunt and fish year-round. Hike, climb and enjoy nature!

Enjoy community life — churches, civic clubs, politics. Make an impact on your patients outside the office!

You choose! Live your dreams!
